GSVT

A DIALOG BETWEEN SURFACES.

We brings to you premium ceramic tiles that are detailed with perfection. Each tile is made using state of the art technology making them strong, durable & easy to maintain.

Our range of luxurious ceramic tiles integrates technological expertise with exquisite designs.

SATIN FINISH

A Satin finish with a light layer of enamel for subtle shine and a pleasantly soft touch. The Surface finish is easy to clean.

Here are a few of the main features that make these tiles a practical yet versatile stylish option.

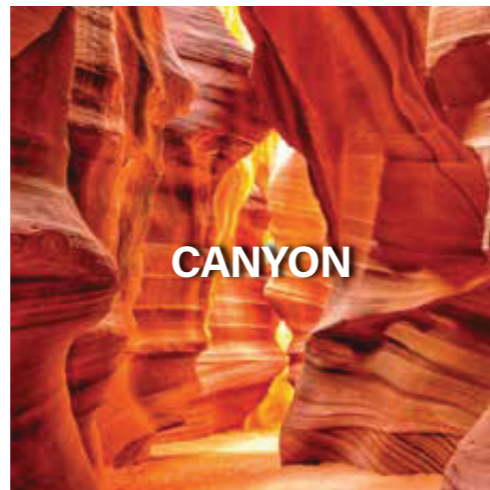

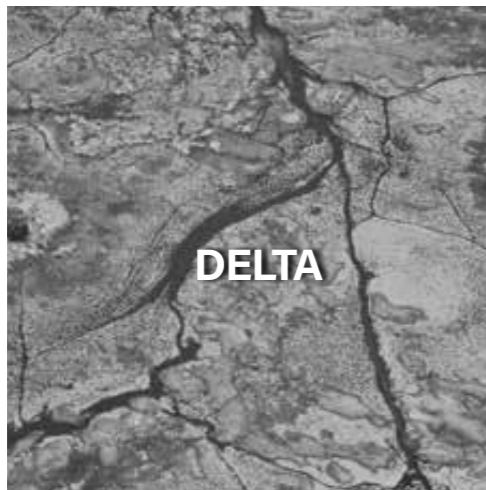

SATIN FINISH 600X1200MM

Satin finish tiles reflect more light than matte tiles and can be easily washed and cleaned. Using these in high-traffic areas such as bathrooms, kitchens and a kids room will give a modern look to the house.

Satin Finished tiles are placed somewhere between matte and gloss. Due to their smooth surfaces, these tiles are simple to clean and maintain. These tiles work well in bathrooms, bedrooms, kitchens and en-suite areas.

INSPIRED BY **ELEGANT THINGS.**

A delta is an area of low, flat land shaped like a triangle, where a river splits and spreads out into several branches before entering the sea.

A deep narrow valley with steep sides and often with a stream flowing through it.

Onyx stone is a preferred natural stone for interior as well as cladding.

Marble is a metamorphic rock formed when limestone is subjected to high pressure or heat. In its pure form, marble is a white stone with a crystalline and sugary appearance, consisting of calcium carbonate (CaCO_3).
